

AP AGRI - BOOM

PREMIUM LIQUID STARTER & FOLIAR FERTILIZER

1 gal per Acre

AP AGRI-BOOM DELIVERS A BALANCED LIQUID N-P-K WITH SULFUR, BORON, AND MOLYBDENUM TO SUPPORT EARLY SEASON GROWTH, ROOT DEVELOPMENT, AND IN-SEASON NUTRIENT AVAILABILITY. DESIGNED FOR MAXIMUM SOLUBILITY, LOW SALT INDEX, AND PLANT-SAFE PERFORMANCE.

Agri-Boom Benefits

- Balanced starter & foliar nutrition in one product
- Highly soluble orthophosphate for immediate uptake
- Low salt index for crop safety in furrow or foliar
- Supports root growth and early vigor
- Improves nutrient availability in cool, wet soils
- Includes boron and molybdenum to support reproduction and nitrogen efficiency
- Excellent compatibility with most fertility programs

Best Use Situations

- Early-season starter fertility
- Cool, wet planting conditions
- Low-salt in-furrow programs
- Foliar nutrient support during rapid growth

Mixing and Handling

1. Fill tank halfway with water and begin agitation
2. Add adjuvants → pesticides → fertilizers
3. Add remaining water
4. Maintain agitation
5. Jar test all mixes prior to application

Do not mix with UAN (28% or 32%)

Manufactured For:

Harvey Fertilizer & Gas Company
1291 US Highway 258 N
Kinston, NC 28504
(252) 522-0698

Guaranteed Analysis

- **Total Nitrogen (N)** **3.0%**
- **Available Phosphate (P₂O₅)** **10.0%**
- **Soluble Potash (K₂O)** **13.0%**
- **Sulfur (S)** **1.0%**
- **Boron (B)** **0.15%**
- **Molybdenum (Mo)** **0.005%**

Derived from urea, ammonium hydroxide, ammonium thiosulfate, phosphoric acid, potassium hydroxide, potassium acetate, boric acid, and sodium molybdate dihydrate.

Application Rate Recommendations

1-4 Qts/Acre Rate

- **Corn**
 - Foliar V3 – V6
- **Cotton**
 - In-Furrow at Planting, Pin Head Square, Early Bloom, 2 Weeks After Bloom, Boll Fill
- **Peanuts**
 - Initial Peg, Early Pod Fill
- **Soybeans**
 - In-Furrow at Planting, R1– R3, R5
- **Wheat**
 - Flowering – Head Fill
- **Cucurbits**
 - 14 Days After Transplanting, 28 Days After Transplanting, Applications After Harvest Has Began
- **Bermuda Hay**
 - Apply after each cutting when regrowth begins
