Derived from ammonium sulfate and potassium hydroxide.

F76

### ALSO CONTAINS NONPLANT FOOD INGREDIENTS:

10% Humic acids from leonardite ore.

### General Information

Harvey's AP Humic Plus is a humic acid material formulated for NPK fertilizer solutions. It offers superior compatibility with phosphate solutions and does not precipitate out of these solutions like traditional humate liquids. This product is compatible with conventional NPK starters including, but not limited to: 11-37-0, 10-34-0, 3-18-18, 32-0-0, and 28-0-0.

### Rate Recommendations

#### Foliar Application

**Ground:** Apply 1-4 pints per acre in a minimum of 10 gallons of water per acre and repeat as needed.

**Aerial:** Apply 1-2 pints in a minimum of 2 gallons of water per acre and repeat as needed.

**Soil Application:** Add 1-4 pints of this product per 5-10 gallons of liquid NPK fertilizer solution and mix thoroughly. Apply this mixture in accordance with standard NPK fertilizer practice.

Optimum rate of application will vary depending on treatment interval, soil properties (such as pH, organic matter content, texture), weather conditions, time of year, plant species and its nutrient requirements. For best results, follow soil/tissue test recommendation.

**Net Contents: 2.5 gallons** (9.46 liters)

Density: 9.7 lb/gal @ 68°F

Net Weight: 24.0 lb (10.8 kg)

**Packaged: 2 x 2.5 gallons** (9.46 liters)

### Mixing and Handling Instructions

Fill mix tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until solution is completely mixed. Check chemical mixture compatibility using a jar test prior to application.

Prior to adding this product to NPK fertilizer solutions, test compatibility by jar testing at desired ratios prior to mixing. Mixtures of this product and NPK fertilizer solutions should be used within the same growing season.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.html>

**Precautionary Statements:** Based on currently available data, this product is not classified as a hazardous substance. However, observe good industrial hygiene practices. Wash hands after handling. **Storage and Disposal:** Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store away from incompatible materials. Dispose of contents/container in accordance with local authority requirements.

**⚠ WARNING:** Cancer and Reproductive Harm-[www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

**Warranty:** Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
